Preface

Over 700 colleges and universities were contacted and asked to provide information about their African and African-American studies offerings for this directory. Information was obtained from course catalogs, brochures and completed questionnaires returned to us by faculty and administrators. Institutions that did not answer our requests for information are not included. However, the African Studies Association encourages administrators and faculty to provide us with contact information for institutions not found here to ensure that they will be on our mailing list for the next edition of the directory.

We would like to thank the institutions and individuals who provided the information included in this volume. We would also like to thank the staff of the African Studies Association who worked on the many phases of producing this book.
